A copy of the Government of India Civil Defence Department Circular No. 407/42 dated New Delhi the 31st October 1942.

Subject:- Camouflage of Hospitals.

I am directed to say that the question of camouflage of civil hospitals has been under consideration in this Department and it has been dicided that civil hospitals should only be camouflaged in those, cases in which if they remained uncamouflaged they would serve as a landmark to assist enemy aircraft to find Military objectives or if they arein an area where camouflage is being carried out and it is necessary to deal with the civil hospital as part of the general scheme. No camouflage should be carried out without the advice of the Provincial Regional Camouflage Officer first being taken.

In the event of any civil hospital building being recolourwahsed, it is suggested that a dull colour may be used in the place of the normal whitewash. The Regional Camouflage Officer can advise on this
